AMENDMENT TO OIL AND GAS LEASE

State: Texas
County: Tarrant
Lessor: Dos Gringos, Inc.
Lessee: Vargas Energy, Ltd.
Effective Date: July 18, 2007

On July 18, 2007, Lessor, named above, executed and delivered to Lessee, an Oil and Gas Lease (the "Lease"), recorded in Tarrant County Clerk's Document No. D207259534, Official Public Records, Tarrant County, Texas. The Lease covers the following lands (the "Lands"):

Being a 2.921 acre tract of land out of Blocks 7 and 8, Stonegate Addition, an Addition to the City of Fort Worth, Tarrant County, Texas, according to plat recorded in Volume 388-178, Page 75, Plat Records, Tarrant County, Texas, said property being more particularly described in Tarrant County Clerk's Document No. D207197155, Official Public Records, Tarrant County, Texas.

The Lease is recognized by Lessor as being in full force and effect. By assignment dated February 13, 2008, Vargas Energy, Ltd. assigned a portion of the Lease to XTO Energy Inc. It is the desire of the Lessor and Vargas Energy, Ltd. and XTO Energy Inc. to amend the Lease as to the particular provisions set out below.

For adequate consideration, Lessor and Vargas Energy, Ltd. and XTO Energy Inc. amend the Lease by incorporating into it the following terms, as if originally contained in the Lease:

Paragraph 7 of the Lease should now read as follows:

Pooling. Lessee shall have the right to pool, as to any one or more formations, the Land with other land or leases in the vicinity thereof, to form pooled units for the production of oil and gas or either of them. Units pooled for oil shall not exceed forty (40) acres, plus a tolerance of 10%, and units for gas shall not exceed three hundred and twenty (320) acres, plus a tolerance of 10% for a Horizontal Well or Wells, as defined in the Rules of the Texas Railroad Commission. The unit will become effective when Lessee

files in the Real Property Records of the county where the Land is located a document describing the pooled acreage and depths for the pooled unit. Lessee will deliver a copy of the document creating the unit to Lessor. Lessee may at its election exercise its pooling option before or after commencing operations. Operations for drilling on or production of oil or gas from any part of a pooled unit that includes land covered by this Lease shall be considered as operations on or production of oil or gas from the portion of the Land included in the pooled unit. There shall be allocated to the Land included in the unit that prorated portion of the oil and gas, or either of them, gas produced from the pooled unit that the number of surface acres of the Land included in the unit bears to the total number of surface acres included in the unit. Royalties shall be computed on the portion of production allocated to the Land.

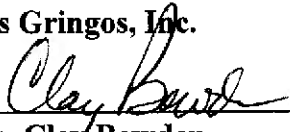

If the amendment(s), set out above, varies from a provision(s) or term(s) already existing in the Lease, the amending provision(s) specifically supersedes the provision(s) or term(s) originally contained in the Lease.

For adequate consideration, Lessor grant, lease and let to Lessee the Lands for the term provided in the Lease, as amended.

This Amendment may be executed in multiple counterparts. When executed, counterpart shall be binding on the party signing it, regardless of whether all Lessor execute this Amendment.

This Amendment is signed by Lessor and Lessee as of the date of the acknowledgment of their respective signatures, but is effective for all purposes as of the Effective Date stated above.
